WHAT IS IT?

Cryptocurrencies like Bitcoin and Ethereum are a new form of digital money used around the world.

Billions of dollars are traded on crypto markets every day, and hundreds of millions of people already own cryptocurrency.

What once seemed like a simple innovation has become a global market embraced by individuals, businesses, banks and some governments.

A REVOLUTION

« Many compare the rise of cryptocurrency to the arrival of the Internet in the 1990s.

Back then, few people imagined how much the Internet would change everyday life. Today, some believe cryptocurrencies could have an equally significant impact on the global financial system.

The question is no longer just whether cryptocurrencies will be part of the future, but what role they will play in our lives.

OUR TECHNOLOGY

At the heart of the Signal Z ecosystem is a powerful AI Oracle built to analyse financial markets at scale.

This technology is the analytical engine behind all the company's activities, including Signal Z Funded and Signal Z Crypto.

Built to run 24/7, the Oracle continuously monitors and analyses millions of data points worldwide: economic news, geopolitical events, investor sentiment, financial flows and market data.

AUTOMATED TRADING

EARNINGS ON YOUR OWN ACCOUNT

THE CONCEPT

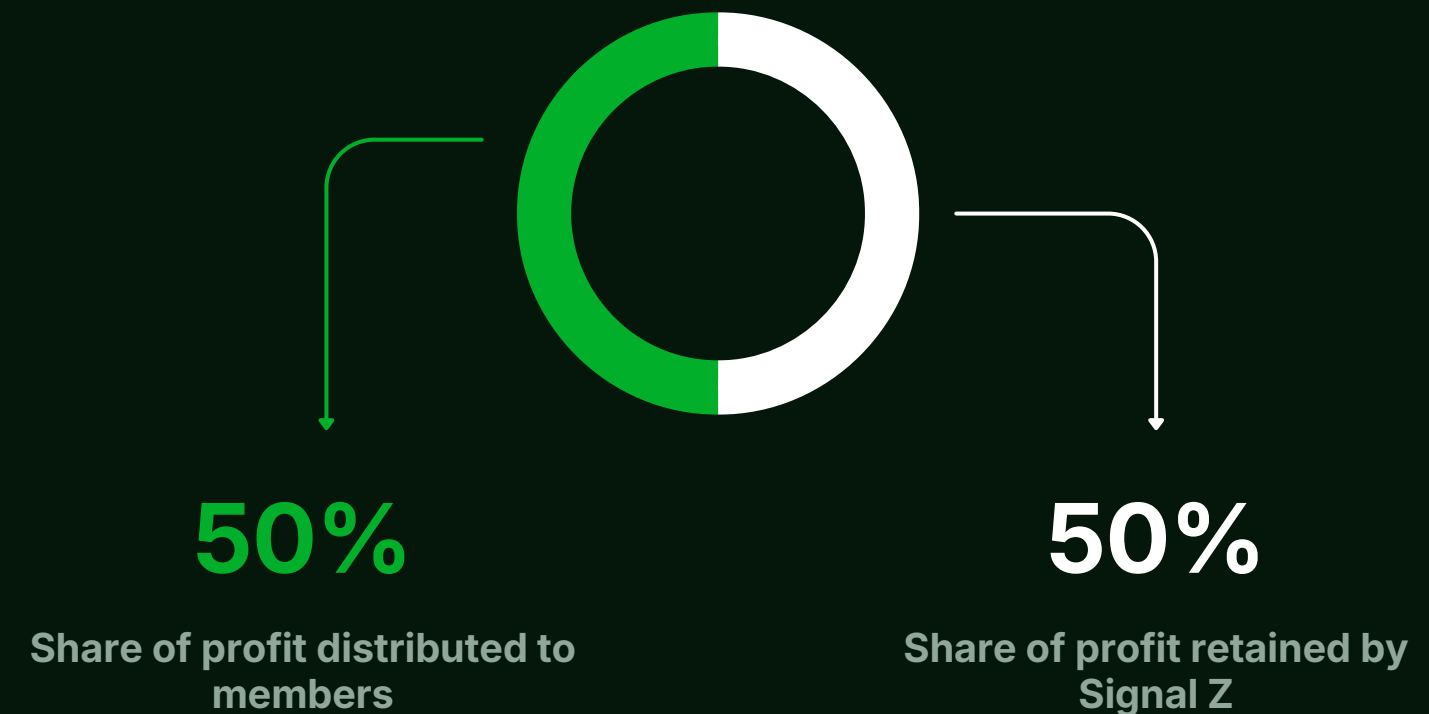

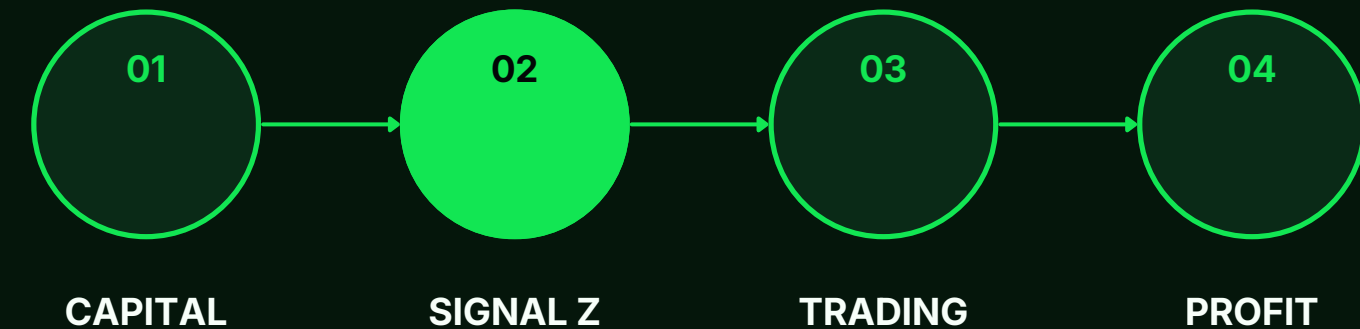

Signal Z trades on your account and generates profits automatically. Your monthly earnings scale with your capital.

50%

Signal Z CRYPTO retains 50% of the profit generated on your capital to fund the compensation plan.

- Steady daily income
- Compound interest
- Withdraw your capital at any time
- Fully managed by Signal Z Crypto

SHARE OWNERSHIP

THE CONCEPT

Share ownership lets you buy shares in Signal Z and receive a portion of the ecosystem’s total revenue.

It also creates income for leaders: when a network member buys shares, a percentage of the purchase amount is distributed under the L1–L20 plan.

01 SHAREHOLDER

A share of the company’s revenue

The client owns shares and receives a percentage of Signal Z’s revenue.

02 LEADER

Commissions on share purchases

When the network buys shares, the leader receives a share of the purchase price.

EXAMPLE:

\$10,000

8%

\$800

on a share purchase by a direct referral

PROFIT SHARING

Receive a share of the profits generated by your network's accounts, based on their depth in your network.

20 LEVELS DEEP

50% TOTAL COMMISSIONS

01 THE PRINCIPLE

Your network generates profits. You receive your share.

Your commission depends on the person's level in your network:
L1, L2, L3... down to L20.

02 DIRECT REFERRAL EXAMPLE

\$10,000 → \$800 → 8% → \$64

Direct referral: \$800 monthly profit × 8% L1 commission = \$64.

COMPENSATION PLAN · LEVELS L1 TO L20

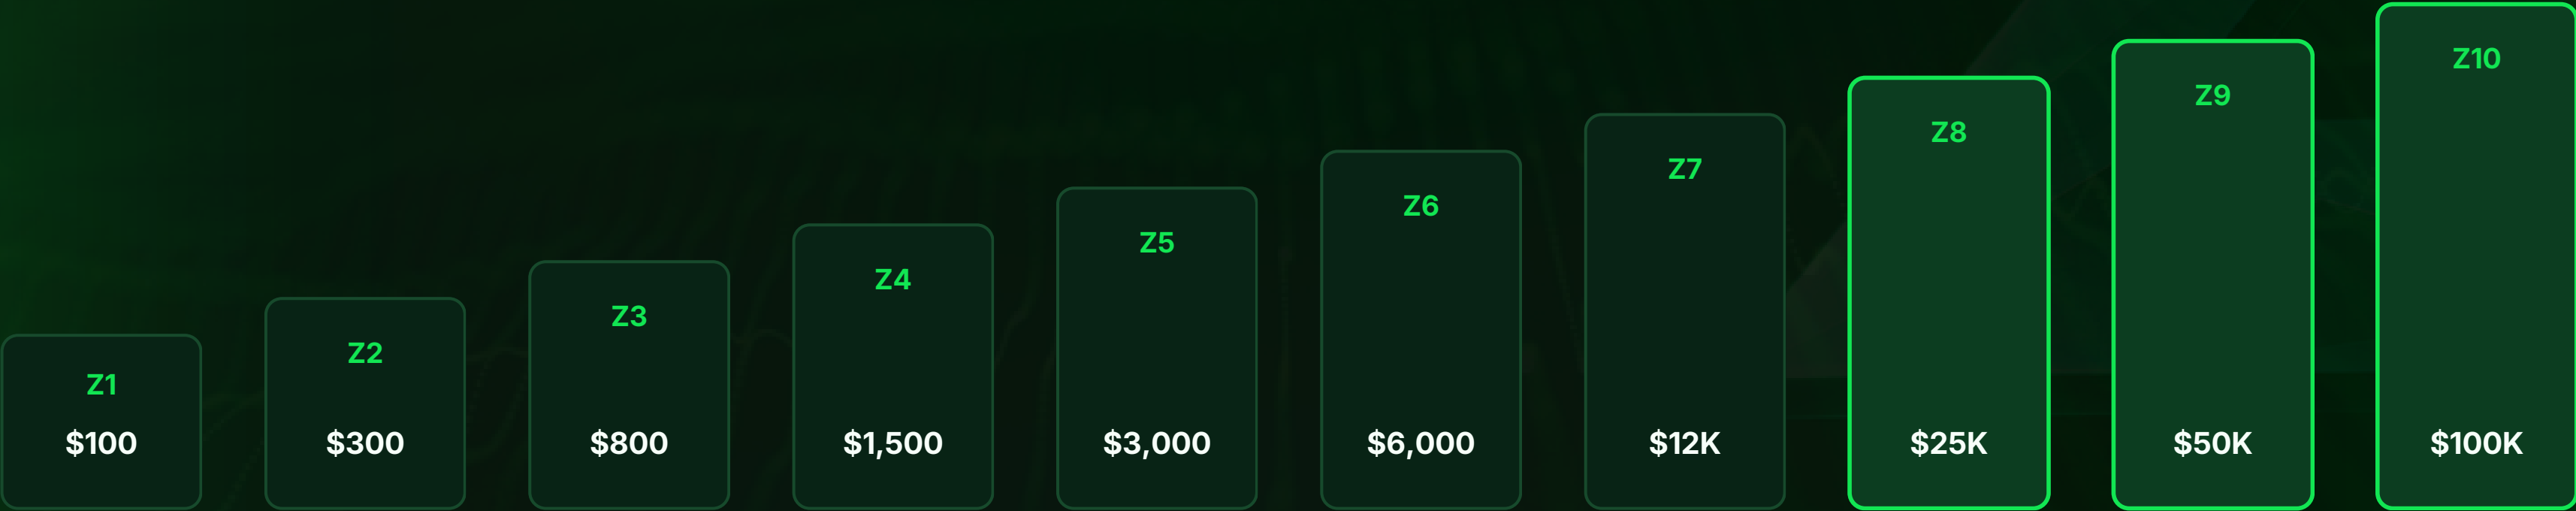

The percentages above apply to profits generated in your network's client accounts, based on their level.

THE RANK BONUS

The rank bonus rewards you when you meet the requirements for a new rank. The higher your rank, the bigger your bonus.

ONE-TIME BONUS FOR EACH NEW RANK

THE REQUIREMENTS

RANK	DIRECT	MIN. INVESTMENT	MIN. STRUCTURE	TEAM VOLUME	BONUS
Z1	≥ 5	≥ \$300	/	≥ \$5,000	\$100
